

# PROJECT PROFILE

## STADIUM RENOVATION: PHASE II | ELECTRICAL

### Owner/Client

Gettysburg Area School District  
900 Biglerville Road  
Gettysburg, PA 17325

Project Timeline: April 2014 – August 2014

Construction Value: \$577,000.00

### Contractor:

Swam Electric Company, Inc., Hanover, PA

### Project Description:

The electrical component of the stadium renovation included providing a new electrical service for the stadium complex, completion of field lighting, auxiliary lighting and a restroom/concession building infrastructure. The stadium lighting is a six pole 1500W Metal Halide, electronic ballast, remote operation system, producing an average 50 foot candle light level on the field of play.
