

PROJECT PROFILE

STADIUM RENOVATION: PHASE I | DEMOLITION

Owner/Client

Gettysburg Area School District
900 Biglerville Road
Gettysburg, PA 17325

Project Timeline: April 2014 – August 2014

Construction Value: \$668,937.95

Contractor:

Horst Excavation Company, Lancaster, PA

Project Description:

In an effort to minimize construction timelines and maximize contractor participation, Phase I of the Stadium Renovation included demolition, rough grading, utility installation and storm water management facilities for the entire site. The stadium field and track were raised approximately 12" to balance site excavation and integrate the stadium area into the school building construction. Phase I prepared the site for construction of the finishing surfaces.
